DR. WARNER GUILTY.

Convicted of Deserting Wife and or Statutory Charge.

Clay Center, Kan., March 14.—Dr. C. P. Warner of this city was declared by a jury in the district court to be guilty on two counts of statutory asmult. Last fall, Doctor Warner de-

serted his wife and children in this city and went to Denver with a young Clay Center girl. About the middle of December he was arrested there, living with the girl under an assumed name. He was first arrested under the Kansas white slave law, passed by the legislature of 1913. Later that charge was dismissed and a statutory assault charge placed against him. It was upon that charge that he was found guilty by the jury last evening. The case will no doubt be appealed to the supreme court.

ALTA VISTA FIRST.

Methodist Sunday School Is Largest Wabaunsee County.

Thursday morning when two senior boys started to fight in chapel. They seemed to be quarreling when they entered the room and were asked by the superintendent to leave all personal troubles out of school. However, one of the boys could not control himself and calling the other a "liar," struck him in the face. They were separated immediately. Consternation prevailed in the school room; girls became hysterical and one of the lady teachers wept. The other boys were dumfounded.

It was learned this morning that the fight was merely a psychological experiment staged by the senior class and the faculty. The rest of the school was ignorant of the plan. It was a success in every way and no one suspected that it was a frameup. The fact of the affair was broken to the school by the boys walking into chapel with their arms interlocked. The three English classes were instructed to write themes on the fiasco.

VON FIRST RO

by Cloud Co. Sheriff.

The Union Pacific railroad won first blood in the case of Carl Moore against the railroad, in the United States district court.

Moore is sheriff of Cloud county, Kansas, and is the owner of several valuable bloodhounds. In October, 1512, two of the bloodhounds were wanted at Louisburg, Kan., to trace down a person accused of murder. Moore bought a ticket for Kansas City on the Union Pacific and shipped his two dogs in a baggage car, paying \$1.30 for the passage of the animals. When the train reached Kansas City, it was discovered that one of the dogs, Daisy Dean, was seriously injured and unable to be of any further service to the sheriff in tracking criminals.

To recover his loss, he sued the

laid down by the interstate commerce commission. The commission says that no dog valued at over \$25 can be shipped on baggage cars and that for loss of such property, the railway company is liable only for damages to the extent of \$25. The plaintiff then filed a petition with Judge Pollock to strike out this part of the defense. Judge Pollock sent his decision, denying the motion to strike out the statement, and it arrived in Topeka this morning.

TODAY'S MARKET REPORTS.

Chicago, March 14.—WHEAT—Favorable conditions for the domestic winter crop tended today to east wheat. The weather in all directions was fair and mild, and there were no reports of damage. Expected liberal world shipments continued to act as a handicap for the buils. Opening prices, which varied from 1/2 off to 1/2 up, gradually underwent a moderate ass.

%c up, gradually underwent a moderate sag.

Minneapolis reports of a good milling demand aided subsequently in steadying the market. The close was firm, unchanged to %c higher.

CORN-Rains interfering with the Argentine harvest made the corn market firm. Liberal cash sales at Omaha tended also to help price upward. The opening was a shade to %c higher and there was a further slight gain.

Provit-taking by holders led afterward to some reaction. The close nevertheless was irm at %c to %6%c net advance.

OATS-Oats developed strength with corn, business, however, was mostly among pit traders.

PROVISIONS-Hogs at 9, a new high level for the year hardened provisions. Changes in prices though were only slight.
